# UNLOCK THE VALUE OF OFFICE 365

Become More Productive.
Realise Your Potential.

RESEARCH TELLS US THAT:

50% of software is never used

70% of change management attempts fail

75% of training does not work

We have a better way: Digital Enablement, first of its kind platform-based SaaS solution which supports a continuous system of measurement, personalisation, and engagement.

WHAT IS NULIA WORKS?

Nulia Works is a new way of getting users using digital productivity suites, like Office 365, to help them become more productive on a continuous basis. It guides users with data-driven insights and measures success by doing it in the natural flow of work, enabling users to continuously attain and maintain productivity skills.

WHY DIGITAL ENABLEMENT?

- Traditional solutions are not enough
- Gets users using their Office 365 suites
- Develops skills by doing, not passively learning
- Integrates into the natural flow of work, saving time and money
- Develops skills by doing

Unlock Office 365 Value at Massive Scale	Boost Productivity, Create Digital Heroes	Digital Enablement In the Flow of Work
• Across job functions • Across departments and industries • Across applications	• Enable organisation-wide digital productivity • Build user confidence and drive change that lasts • Measure success by doing, not by consuming information	• Always-on engagement at the moment of need • Seamlessly integrates into the workday without disruption • Continually evolving with business requirements
Enable the ROI promise of your digital productivity suites	*Overcome resistance & embrace technology to the fullest*	*Continuous system of measurement, personalisation, & engagement*
